OFFICE OF LEGISLATIVE COUNSEL

Thursday - 17 September 1964

2. [redacted] Mary Tursi, secretary to Neal Peterson, advised that in connection with my visit yesterday, Mr. Peterson had indicated definite interest in the classified report which this Agency had prepared on Soviet research and development in the utilization of solar energy. However, in view of the press of the political campaign, Mr. Peterson suggested that we get together on this after the election. We will get in touch with him at that time.

3. [redacted] Talked with Boyd Crawford in connection with the Fascell Subcommittee questionnaire based on our earlier more detailed discussion. Crawford thought there would be no problem in working this out with the Chairman, Dr. Morgan. Arrangements will be made to see Dr. Morgan when he returns to Washington next week, either Monday or Tuesday.

4. [redacted] Checked with Mr. Rivers' office and determined probably he would not be back in town until Tuesday. We will check this on Monday.

50X1 5. [] Checked with Mr. Mahon's office and he was out for the day but will be in tomorrow morning and I will attempt to see him.

50X1 6. [] telephoned from Minneapolis saying she was deeply disappointed at the reject letter from Mr. Echols. In a long, disjointed conversation she dropped the names of Senators McCarthy and Humphrey and Congressman Fraser. After discussing the case with Mr. Echols, it was agreed that he would send an appropriate letter to her indicating that an Agency representative would be in touch with him in the near future to arrange a personal interview.

50X1 7. [] Received a call from Mr. James Kendall, Chief Counsel, Senate Preparedness Investigation Subcommittee, who advised that Senator Stennis is very much interested in the application of [] whose application for employment is pending with the Agency, and requested if possible that he be kept advised concerning the progress of the application. After checking the Office of Personnel, I advised Mr. Kendall that [] had called in yesterday and informed the Agency that she is being married in June of 1965. As a result, further consideration of [] as a JOT has been canceled. Her qualifications are being considered for possible temporary use through June of 1965, although it does appear that [] may not be interested in employment. Mr. Kendall thanked me very much for the advice and indicated he would pass it on to the Senator.

50X1 8. [] Received from Mrs. Mary Miller in the office of Senator Stennis a letter in a sealed envelope addressed to [] Mrs. Miller indicated it was the Senator's desire that this letter be forwarded as were the previous two letters of a week ago. The present letter thanks [] for pictures he furnished the Senator []

10. [] Met briefly with Mr. Raymond Collins, Minority Staff Member, House Government Operations Committee, who advised that there is as yet no firm indication of scheduling of the subcommittee meeting of the Moss committee which would be necessary to report to the parent committee for the ordering of publication of the polygraph hearings.

11. [] Met with Mr. Ed Braswell, Senate Armed Services Committee, at various times throughout the day. Additional changes were made in the report on H. R. 8427, but as of the close of the day there was no further information as to the committee member who will be reporting the retirement bill to the Senate.

12. [] In response to Congressman William F. Ryan's (D. L., N. Y.) request to Mr. McCone, delivered to Mrs. Patricia Schiller, Personal Secretary to Congressman Ryan, a copy of the 8 June 1964 memorandum, "Trends in the World Situation". I also inquired concerning the Congressman's original request for this item. Mrs. Schiller advised that the young lady who probably had made the call would not be in until the afternoon. As I was leaving, the Congressman arrived and thanked me for bringing him the "Vietnam" paper.

I stopped back during the afternoon and met briefly with Mrs. Theresa Bowen (?) who advised that she had no note or memory concerning her call to the Agency other than that she had been advised that this was a matter which was being handled by the State Department. Upon calling the Department of State she was advised that copies of the paper for congressional use had been made available to the Senate Foreign Relations Committee and could be procured there. The conversation indicated further that having read in the newspapers that this paper had been released to the press, Mr. Ryan felt he should be able to procure a copy from the Agency. Both Mrs. Schiller and Mrs. Bowen were definite that no further action need be considered in this matter, and that the Congressman's desires had been completely satisfied with the receipt of the paper this morning.
